REBUILDING TOGETHER

Rebuilding Together is the nation's leading nonprofit working to preserve affordable homeownership and revitalize communities. Our network of more than 100 affiliates provides free rehabilitation and critical repairs to the homes of Americans in need.

WHAT WE BELIEVE

Rebuilding Together believes persons with disabilities and senior homeowners should be able to remain in their homes for as long as possible. We believe that our nation's veterans with disabilities deserve safe and accessible homes. We believe that homeowners displaced by natural disaster can return to safe housing with help from community volunteers. Rebuilding Together believes we can preserve affordable homeownership and revitalize our communities by providing free home modifications and repairs making homes safer, more accessible and energy efficient.

Who We Help

As the economic pressure on families grow, more and more are placed in the position of choosing between vital necessities and essential home repairs and modifications. On the last Saturday of April every year, Rebuilding Together helps homeowners who are senior citizens, persons with disabilities, military veterans, families with children and who are unable to repair and revitalize their homes themselves. Thousands of volunteers nationwide fix up the homes and yards of those in need so that they can live in a safer, more comfortable and pleasant environment. We also can help a limited number of homeowners at other times of the year with at least a minor repair. Contact us to see if we can help you.
